Level 3 Diploma in Health & Social Care

60 Credits

ATHE Awarding Body

Level 3

UK Residents

Course Overview

The Level 3 Diploma in Health & Social Care (60 Credits) is designed to provide learners with a solid foundation in the principles and practices of health and social care.

It equips students with the essential knowledge and skills required to work effectively in care settings or to progress to higher education in the healthcare sector.

This course introduces key topics such as communication, safeguarding, health and wellbeing, and person-centred care, helping learners develop both theoretical understanding and practical awareness of the care environment. It is ideal for those who are passionate about supporting individuals and making a positive impact in society.

What You'll Learn

Communication

Effective, professional communication in care settings

Safeguarding

Protecting and promoting the welfare of individuals

Health & Wellbeing

Supporting the physical and mental wellbeing of others

Person-Centred Care

Putting the individual at the heart of care delivery

Who Is It For?

This diploma is ideal for anyone who is passionate about supporting individuals and making a positive impact in society — whether you are starting out in the care sector or looking to formalise existing experience with a recognised qualification.

Where It Leads

On completion, learners are equipped to work effectively in a range of care settings, or to progress to higher education and further study within the healthcare sector.
